

Dress up for you!

"Hey, Belle?"

"Yes, what is it?"

"I'm sorry for asking you to come shopping with me all of a sudden. There was a break in the schedule, so I just..."

"I don't mind at all, Angelina. In fact, I'm happy that you invited me."

"Really? You're not just trying to be nice?"

"That's not true. I'm actually happy that the two of us are finally able to go on an outing together. It's been a while since we've ridden on a train like this."

"Thank you. If you can say that, then it was worth it to invite you. Then, let's find some cute clothes once we reach town."

"OK!"

"Now, where should we start from? Hey, Belle, is there anything you want to look at?"

"No, nothing in particular. If there is something Angelina wants to look at, I'll accompany you."

"OK! I got it. So why don't we walk around and enter the store that catches our interest?"

"OK, huh?"

"... it's so pretty."

"Ah! That's a dress, isn't it? It really is pretty."

"But I guess we can't buy that."

"True. That's right!"

"What's wrong, Angelina?"

"Why don't we ask if they'll let us try it on?"

"Eh... What, eh???"

"Wh... What do you think?"

"It's nice."

"Eh?"

"Ah, ah, sorry. I was lost in admiration."

"It's a little embarrassing to be admired that much..."

"It really suits you, Belle. So much so that it makes me want to make you my bride."

"Geez... So, it's Angelina's turn next right?"

"Eh?"

"Hi... How is it?"

"I think it looks really good on you, Angelina."

"This makes you look very... beautiful."

"Thank you... But wearing this does make me feel anxious."

"It makes me feel even more nervous than when I need to dress
up to go on stage."

"Thank you for today. It was really enjoyable to try on dresses."

"The pleasure's all mine. I'm glad you had fun."

"But I didn't come up with the idea of trying on dresses. You really came up with an excellent idea."

"I... I just wanted to take an opportunity to see Belle dressed up in a cute fashion."

"Here's... a reward."

"~"

Extra: A big version of the image on the front cover
I put a little too much vigor into drawing it, but how is it?
Also, the designs on the bottom are lies

俺はベルのドレス姿が描きたかったんだ！！！！！！！！

後書き

ご無沙汰しております、雪月 啓です。まずはこの本(Dress up for you!)をお手に取って頂き誠に有難うございます(上の咆哮は気にしないでください)。カタハネで本を出すのはこれが2冊目となりますが、描いていて楽しいものは良いですね！色を塗るときとかはノリノリで作業しています。…とはいえ、今回は同人活動をしていて「超」久しぶりに文章を入れてみました。ヘタレなのは覚悟の上ですが、折角描いた絵に少しでも彩をと思い、思い切ってチャレンジしてみた次第ですがいかがでしょう。

話は変わりますが、カタハネで描かれていた背景にはヨーロッパ(というかドイツ?)の街が使われているっぽいのですが、皆様はどの位「元ネタ」の街を見つけられたでしょうか。私もいくつかは分かったのですが、全部というには程遠い状態です。いずれ元ネタの街を巡る海外旅行をしたいなー、と頭の中では思うのですが平日仕事+益暮れ有明でアウトw一応今後の活動についてですが…あんまり深く考えてません(爆)。ただもう少しレベルを描きたいというのはあるので、その辺りを中心に活動出来ればな、と考えています。

有難うございました。今後とも何卒よろしくお願い申し上げます。

I wanted to draw Belle wearing a dress!!!!

Afterword:

I'm sorry I haven't kept in touch. This is Yukiduki Kei. First, I want to thank you for obtaining this book (Dress up for you!). (You can just ignore the howl up above). This is the 2nd time I've drawn a Katsuhara book, so it's great that I had a lot of fun doing so! I was really into it when I was adding in the color... However, I also decided to include dialogue in this doujin which hasn't happened in a "long" time. I was prepared for it to not go well, but I wanted to add some color to what I'd drawn so I decided to take up that challenge. What did you think?

changing the subject, it seems the backdrop of Katsuhara is an European (perhaps German?) city, so I was wondering how many references other people saw? I myself found a lot, but it'd be difficult to say I found them all. I was thinking that Someday I'd like to go on an overseas trip and visit that city, but I have my job and am also unavailable during obon and year-end times. I thought about going after working on this, but I didn't think too deeply about it <explode> It's just that since I wanted to draw a little bit more about Belle, I was thinking it would help me concentrate on that.

Thank you very much. I look forward to your support in the future.
